

AUSTRALIAN BUREAU OF STATISTICS  
CANBERRA

Reference No. 6.37

NOON 23 AUGUST 1977

**INQUIRIES**

If you want to know more about these statistics —

- . ring Mr Godfrey Laurie, Canberra 526573 or our State office, or
- . write to Information Services, ABS, P.O. Box 10, Belconnen, A.C.T. 2616

For copies of this publication contact Information Services, Canberra 526627 or State offices.

**WAGE RATES INDEXES, JUNE 1977 (PRELIMINARY)**

**MAIN FEATURES**

- . No increase was recorded in the weighted average minimum weekly wage rates for adult males or adult females in June 1977.
- . In the twelve months ending June 1977 the indexes for both adult males and adult females increased by approximately 11 per cent, compared with 15 per cent and 16 per cent respectively in the twelve months ending June 1976.

**EXPLANATORY NOTES**

More information on these statistics of weighted average minimum weekly and hourly wage rates and index numbers for adult males and adult females will appear later in the monthly bulletin *Wage Rates and Earnings* (Reference No. 6.16) which also contains explanatory notes covering definitions, scope of the statistics, etc.

2. The wage rates used in the compilation of the indexes are the lowest rates for a full week's work (excluding overtime) prescribed for particular occupations in awards or determinations of Federal or State industrial authorities; in collective agreements registered with these authorities; or in unregistered collective agreements where these are dominant in particular industries. The indexes are designed to measure movements in prescribed minimum rates of wages as distinct from salaries; those awards, etc. which

relate solely or mainly to salary earners are therefore excluded. Because of delays in the receipt of notification of changes in wage rates as well as retrospective changes to rates, figures for the latest twelve months shown are subject to revision. As such revisions are made they are published in the normal monthly tables of this statement.

3. The indexes are designed to measure trends in wage rates in current awards, etc. excluding the effects of changes in the relative importance of industries, awards and occupations. The weighted average wage rates shown in these tables are therefore indexes expressed in money terms, and do not purport to be actual current averages. Similarly, neither these weighted average wage rates nor the corresponding index numbers measure the relative levels of average current wage rates as between States or industries.

4. For adult males the weekly wage rates exclude rural industry; in addition the hourly rates exclude shipping and stevedoring, for which data to compute hourly wages are not available. The weekly and hourly wage rates for adult females exclude rural industry, mining and quarrying and building and construction.

5. The annual changes shown in Tables 1, 2 and 4 measure the percentage change from the same month for the previous year. The percentages may fluctuate from month to month owing to the timing of significant award changes.

**TABLE 1. WEEKLY AND HOURLY WAGE RATES : ADULT MALES AND ADULT FEMALES  
ALL INDUSTRY GROUPS, AUSTRALIA (a)**

Weighted average minimum weekly rates payable for a full week's work (excluding overtime), as prescribed in awards, determinations and collective agreements; weighted average minimum hourly rates payable; and index numbers of wage rates.
